

Dr. Sylvia Twersky is an Assistant Professor and Graduate Director in Public Health at The College of New Jersey (TCNJ). Her research focuses on state and federal policy and its impact on health outcomes. Particular populations of interest are immigrant and refugee families, with an emphasis on healthcare access and outcomes using both qualitative and econometric methods. Dr. Twersky also researches state and community level emergency preparedness and response looking particularly at vulnerable groups including individuals living in the community with a disability.
